

Sunil Kumar Sahu
Company Secretary
Belstar Microfinance Limited

What encouraged you to become a CS?

I am a CA finalist, and my favourite subject always was corporate law. My dream was to work in a corporate, and deal with Directors in Board Meetings. I am now working and enjoying as a CS.

Is it important to connect with IDs between meetings? If so, how do you do it?

Yes. We have very experienced IDs in our Board, and their opinion is very valuable.

Considering the increasing demands made on a CS, how do you manage your time?

I am currently the CS for an NBFC and debt listed company. We have 2 persons in the Secretarial team, including me. While I handle all the meetings, and drafting of minutes etc, the other person helps in filing returns etc with ROC. It does get challenging sometimes since I have to be prepared with responses for any questions that a Director might have.

What good practices, not prescribed by law, have you put in place?

In my company, all Related Party Transactions are passed by the Audit Committee. The same are disclosed every quarter to the Board.
